RE: RVP Grout Project – Dairyland Power; LaCrosse, Wisconsin

Dear Pat:

I am writing to express my sincere thanks for your performance on the above-referenced project. Your work met all the project criteria and specifications, above and beyond. Every aspect of my dealings with you and your personnel has been nothing less than professional. Gary York and David Griffin are both very knowledgeable of every aspect of the operation and are definitely production oriented.

In conclusion, it was a pleasure working with your organization and I would not hesitate for a moment to recommend your firm to any prospective client. Further, Pacific International Grout Company will definitely be considered by our company for any future projects involving cellular grout.

Very truly yours,
